- sociogram editor

Current concerns

Whole system level

- Introduction of Europsy and its relation to training requirements
- Supervised practice ⇨ postgraduate training
- A virtual (?) chasm between PhD and applied fields

Current concerns

Specifically school psychology related

- Numbers employed
- Regulations by law – counterselective forces
- Number of practical training sites
- Meeting needs of education
- Updating training material in light of sensitivity to cultural diversity
- FORMING AN IDENTITY

Counselling psychologist

- 2 semesters joint basic training (diagnostics, theories)
- 2 semesters specialization
 - Crisis counselling
 - Occupational and work counselling
 - Family and couple counselling

EMPHASIS ON CLIENT-CENTERED
